PROFESSIONAL SUMMARY

Associate PM with **4.5+** years of cross-functional experience directing digital product lifecycles, defining product roadmaps, and delivering AI-driven and enterprise software products across Healthcare, HR Tech, Banking, and Telecom. Skilled in translating business objectives into prioritized backlogs (MoSCoW, RICE), user stories, and acceptance criteria for Generative AI applications, autonomous agent workflows, and core web/mobile platforms. Dual-master's graduate (MS in IT Project Management & MBA) certified in Scrum (CSM) and Business Analysis (IIBA).

CORE SKILLS

Product Strategy & AI Roadmapping: Product Roadmapping, Backlog Refinement & Prioritization (RICE/MoSCoW), MVP Definition, User Personas, GenAI Feature Scoping, Agentic AI User Experience, Feature Lifecycle Management

Design & Discovery: Wireframing & Prototyping, Usability Testing, Stakeholder Alignment, Customer Discovery, Market Research, Client Demos, Human-in-the-Loop Interaction Design

Agile & Execution: Epics & User Stories, Acceptance Criteria Definition, Release Planning, Jira, Confluence, Product Analytics, Adoption/Success Metrics Tracking

WORK EXPERIENCE

Business Systems Analyst | Quantumwave Infotech | San Francisco, CA, USA

Jun 2026 – Present

Projects: Healthcare Member & Claims Platform | GenAI Knowledge Assistant | Agentic AI Operations Assistant

- Own the product backlog for enterprise platform and AI initiatives, decomposing high-level roadmaps into actionable epics, user stories, and acceptance criteria.
- Drive product discovery and user story mapping for a GenAI Knowledge Assistant, defining intent categorization, response evaluation benchmarks, and user feedback capture loops.
- Define MVP scope and functional interaction models for an Agentic AI Operations Assistant, setting governance rules for autonomous case triage and human review escalations.
- Prioritize sprint features using value-driven scoring frameworks (RICE), aligning engineering resources with strategic organizational goals.
- Track product adoption metrics, latency benchmarks, and user satisfaction scores to drive continuous release improvements.

Systems Analyst | White Cap | San Francisco, CA, USA

Aug 2025 – May 2026

Projects: Workday to Axonify (LMS) Integration & Enterprise SSO Rollout

- Led the rollout and product adoption strategy for an enterprise learning and engagement integration (Workday–Axonify) across 1,600+ employees across 500+ locations in the US and Canada.
- Decomposed strategic executive initiatives into refined product roadmaps, user stories, and precise acceptance criteria, eliminating mid-sprint requirement ambiguity.
- Partnered with UI/UX, engineering, infrastructure, and HR stakeholders to align product release timelines and resolve scope tradeoffs.
- Analyzed platform adoption trends and operational metrics to validate business ROI and present feature optimization proposals to enterprise leaders.

Business Analyst | Mobicule Technologies | Pune, India

Jul 2021 – May 2023

Projects: Vodafone-Idea Telecom Prepaid and Postpaid App | Kotak Digital Banking Platform

- Served as Product Owner for an internal alpha-stage mobile prototyping platform, driving product strategy, user discovery, feature prioritization, and engineering execution from concept to functional release.
- Managed MVP definition, backlog grooming, and rollout for the Vodafone mobile application, launching key account-management features to a user base of 500K+ customers.
- Designed low-fidelity wireframes and interactive mockups to validate feature concepts with enterprise clients, reducing redesign cycles before development.
- Collaborated with banking stakeholders on the Kotak digital banking platform, scoping automated onboarding and loan approval features that reduced end-to-end processing turnaround times.

Associate Product Analyst | Armaab Insurance Works LLC | Pune, India

Jul 2018 – Jul 2019

Projects: Insurance Platform Enhancement & Claims Workflow Optimization

- Partnered with operational users to identify insurance workflow pain points, proposing interface and process improvements that increased customer transaction accuracy.
- Supported Agile feature release cycles, coordinating user acceptance testing and feature validation with end-users.

EDUCATION

- MS, Information Technology Project Management, Golden Gate University, San Francisco, CA
- MBA, Marketing, MIT World Peace University, Pune, India
- BE, Electronics & Telecommunication, Savitribai Phule Pune University, Pune, India

Aug 2023 – Apr 2025

2019 – 2021

2014 – 2018

CERTIFICATIONS

- IIBA Certified Business Analyst
- Certified ScrumMaster (CSM)
- Six Sigma Yellow Belt
